

# Second Quarter 2017 in Review

THE S&P 500® INDEX AND KEY EVENTS

## 1 During the quarter, very strong performance in equity markets

- Dow Jones® Industrial Average closed above 21,500 for the first time.
- Non-US developed (MSCI EAFE Index: 6.3%) outperformed both US small cap (Russell 2000® Index: 2.5%) and US large cap (Dow Jones Industrial Average: 4.0%). Emerging markets delivered a strong 6.3% (MSCI EM Index).

## 2 US bond markets positive across sector and maturities after a bumpy quarter

- Both Treasuries (BofA Merrill Lynch 7-10 Year US Treasury Index: 1.4%) and municipals (S&P Municipal Bond Index: 1.8%) delivered positive performance.
- High yield delivered high returns in municipals (S&P Municipal Bond High Yield Index: 1.7%) and corporates (S&P 500 High Yield Corporate Bond Index: 2.4%).

## 3 Important events

- Consumer confidence improved in June to a nearly 16 year high, despite tension over healthcare legislation and a general lack of progress in Washington.
- After making its case for several weeks, the Federal Open Market Committee (FOMC) increased the fed funds rate at its June meeting.
- Slower economic growth in Q1 (1.4% annualized) did not derail the equity market, but did reduce expectations for inflation and the pace of interest rate increases.

Data as of 6/30/17, unless noted. Sources: Bloomberg, Bureau of Economic Analysis.

### Important Information

All investments involve the risk of potential investment losses as well as the potential for investment gains. Prior performance is no guarantee of future results. This information is not a solicitation for investment, but is intended only as a discussion of certain economic or finance related topics, or as a general discussion of certain services offered to financial advisors through the AssetMark platform. Opinions are those of Savos and may change at any time. Investors seeking more information about the investments available on the AssetMark platform should discuss with their financial advisor. Prior to making any investment decision, investors should always discuss their particular situation with both a qualified financial advisor and a qualified tax advisor. Financial advisors may seek more information regarding all services offered through the AssetMark platform by contacting Savos at (818) 528-3788.

S&P 500 Index is an unmanaged index that is generally considered representative of the US equity market, consisting of 500 leading companies in leading industries of the US economy (typically large cap companies) representing approximately 75% of the investable US equity market. Dow Jones Industrial Average (a registered trademark of Dow Jones & Co., Inc.) is an unmanaged index composed of 30 common stocks. Russell 2000® Index consists of the smallest 2,000 securities in the Russell 3000® Index. This is the Frank Russell Company's small capitalization index that is widely regarded in the industry as the premier measure of small capitalization stocks. The Russell 3000 Index is composed of the 3,000 largest U.S. securities, as determined by total market capitalization. MSCI EAFE (Europe, Australasia, Far East) Index measures the equity market performance of countries considered to represent developed markets, excluding the U.S. and Canada. MSCI Emerging Markets (EM) Index measures the equity market performance of countries considered to represent emerging markets. The BofA Merrill Lynch 7-10 Year US Treasury Index is a subset of The BofA Merrill Lynch US Treasury Index including all securities with a remaining term to final maturity greater than or equal to 7 years and less than 10 years. The S&P Municipal Bond Index is a broad, market value-weighted index that seeks to measure the performance of the U.S. municipal bond market. The S&P 500 High Yield Corporate Bond Index, a subindex of the S&P 500 Bond Index, seeks to measure the performance of U.S. corporate debt issued by constituents in the S&P 500 with a high-yield rating. The S&P Municipal Bond High Yield Index consists of bonds in the S&P Municipal Bond Index that are not rated or are rated below investment grade. One cannot invest directly in an index.
